

I wish I had my time again

When I was I young I had good friends and good times bye the score
and now those friends and times are gone. I won't see them no more.
For time has mighty powers to heal and sooth and mend
and time will take your youth and strength down to their bitter end.

(Chorus)

and I wish I had my time again, I wish I had my time.
I'm headed into darkness and I fear it has no end.
Oh I wish I had my time again, I wish I had my time!
all I love has gone before me, wish I had my time again.

Well I'd love to see this woman love to have and love to hold
She's lying in the cold clay, but it me that feels the cold.
We had our pain and hard times but they never came to stay
I never knew what hard times where until she passed away.

(Chorus)

and I wish I had my time again, I wish I had my time.
I'm headed into darkness and I fear it has no end.
Oh I wish I had my time again, I wish I had my time!
all I love has gone before me, wish I had my time again.

So take my last five dollars, and take this watch of gold
I'm going to another land where time cannot be told.
and if I got to glory, and the Lord was good to me,
he'd trade my time in Heaven for those times that used to be.

(Chorus)

and I wish I had my time again, I wish I had my time.
I'm headed into darkness and I fear it has no end.
Oh I wish I had my time again, I wish I had my time!
all I love has gone before me, wish I had my time again.

(repeat)

Oh I wish I had my time again, I wish I had my time.
I'm headed into darkness and I fear it has no end.
Oh I wish I had my time again, I wish I had my time!
all I love has gone before me, wish I had my time again.
